

Jean-Georges

Born and raised on the coast of Strasbourg in Alsace, France, Jean-Georges' earliest family memories are of food. As a Chef de Cuisine the culinary world by steam and left his mark in the history books. The three Michelin Star Chef then spent some time around Asia reliving his steady vast knowledge of food with exotic flavors of the east. Going beyond the kitchen he has opened several restaurants around the world and involved in every aspect from menu to architectural design. Marco and Jean-Georges are his gems in Shanghai. Even though his culinary style is legendary he never keeps things simple as his favorite meal dished from a street cart in Thailand.
